

America's Industry Leader
for LPG and NH₃ Bobtails

Standard,
Drop Deck
& Custom

Standard or custom built to fit your needs...

For more than half of a century, Mississippi Tank Company has been designing and manufacturing the highest quality LPG Bobtails. Our purposeful design solutions and approach to transportation safety has made us a leader nationwide. All bobtail tanks are designed and built by our skilled craftsmen using the latest technology and quality materials.

Depending upon your needs, you may select either a Standard Aluminum or Steel Drop Deck design. Drop deck designs feature a one piece deck and replaceable one piece fenders. Decks are available in steel or stainless and aluminum covers are optional.

Custom built bobtail delivery units may be built on customer supplied chassis or let Mississippi Tank representatives offer preferred pricing on your chassis needs.

As part of our quality customer service commitment, we offer:

- Stock tank sizes from 2,600 to 5,600 gallons
- Complete Bobtail repair and restoration
- An extensive parts inventory
- 1-year and 5-year testing and inspections
- Refurbished Bobtails
- Re-mounted Bobtails

Mississippi Tank Company is the industry leader.
